1. Refer to Item 6 of the Commission's Order dated January 28, 1997. The letter from Rural Utilities Service ("RUS") provided in the application indicates that Green River's loan application appears to be completed. It does not, however, state that the financing has been approved. What is the current status of Green River's financing application with RUS? If the financing has been approved, provide the notice of approval. If the financing has not received final approval, state when Green River anticipates final approval will be given.
